					All are welcome.	

This spread sheet represents the committee assignments as of March 2010. The Finance committee has been added for ABO/PAAA compliance. The 2015 ad Hoc Committee has been added to plan our future and make a recommendation to the full Board. The 2015 ad Hoc committee includes a Vice Chair to promote continuity should we have attrition in leadership.

Conflicts with commitee meeting dates may arise. Please see me so I may reassign you to a committee that meets your schedule. and most appropriate competency.

At this time, I prefer to assign empty seats to Administration and Operations committees based on the ABO/PAAA position that CPA and Financially knowledgable members have a strong presence on a Board. These appointments will be formally announced at the April Board meeting.
